INTRODUCTION

Dear Ski Sport Enthusiasts,

It is a great pleasure and honour for Kitzbühel Ski Club, as Organiser of the International Hahnenkamm Races, to be able to host a World Cup competition in the form of two slaloms in the very first winter after the official admission of Para Alpine Sport to the FIS International Ski Federation. May we wish a warm welcome to the world's best competitors and athletes with their coaches and support staff. We would also like to welcome all officials from FIS, ÖSV, TSV and members of the competition jury, who are responsible for the proper execution of the races. A friendly "Servus" and hello to all media representatives covering this event, especially the team of teleho.eu for the Videoproduction and the Austrian Broadcasting Corporation ORF. Our thanks go to Kitzbühel's ARGE consortium for their enduring partnership with the municipality, the Tourist Board and Bergbahn AG (Cable Car Co), as well as to all affected landowners for their support and understanding.

Finally, a very special thank you to all the members of the race and organisation committee, who are not only responsible for organising the Hahnenkamm Races on behalf of K.S.C., but who also devote all their experience and commitment to this Para World Cup Slalom on the famous Ganslern slope.

We wish you good luck, good weather and a fair and accident-free race,

Dr. Michael Huber, OC Chairman & K.S.C. President
